DAY 1

Upper • Push

Chest • Shoulders • Triceps

🕒 55–65 min

5 exercises

~16 sets

🔥 **Warm-up:** 5 min easy cardio, then arm circles + band pull-aparts. Your ramp sets happen on the Incline Bench.

Incline Bench Press

Incline Bench Press

YOUR PICK

4 sets

6–8 reps

RIR 2

Rest 2–3 min

SET-BY-SET

Warm-up 2–3 ramp-up sets ($\approx 50\% \times 8$, $\approx 70\% \times 5$, $\approx 85\% \times 3$) to build to your working weight. These don't count as working sets.

Set 1 Your heaviest working set — aim for the top: **8 reps** at **RIR 2**.

Set 2 Same weight, match reps if you can (**6–8**), ~RIR 2.

Set 3 Same weight, match reps if you can (**6–8**), ~RIR 2.

Set 4 Final set — push closest to failure (~RIR 1). Reps may dip toward **6**; that's normal.

Form cue

45° bench, shoulder blades pinned back & down, bar touches upper chest, elbows ~45° (not flared).

Common mistake

Bouncing the bar off the chest or flaring elbows to 90°.

Add weight (+2.5 kg)

All 4 sets hit 8 reps at RIR 2 → add 2.5 kg.

Tempo

~2 s down, controlled, brief pause, drive up.

SET-BY-SET

Set 1 Your heaviest working set — aim for the top: **12 reps** at RIR 1.

Set 2 Same weight, match reps if you can (**10–12**), ~RIR 1.

Set 3 Final set — push closest to failure (~RIR 0). Reps may dip toward **10**; that's normal.

Form cue

Seat set so handles line up with mid-chest. Press to near-lockout, full stretch back.

Common mistake

Seat too high (becomes a shoulder press) or cutting the stretch short.

Add weight (+1 pin)

12 reps all sets at RIR 1 → up one pin.

Tempo

~2 s down, controlled, brief pause, drive up.

Technogym Shoulder Press

SET-BY-SET

Set 1 Your heaviest working set — aim for the top: **12 reps** at RIR 1–2.

Set 2 Same weight, match reps if you can (**10–12**), ~RIR 1–2.

Set 3 Final set — push closest to failure (~RIR 1). Reps may dip toward **10**; that's normal.

Form cue

Press up and slightly inward. Stop just short of lockout to keep tension on the delts.

Common mistake

Arching the lower back to heave it up.

Add weight (+1 pin)

Tempo

Top of range every set → add a pin.

~2 s down, controlled, brief pause, drive up.

Cable Lateral Raise

SET-BY-SET

Set 1 Your heaviest working set — aim for the top: **15 reps** at RIR 0–1.

Set 2 Same weight, match reps if you can (12–15), ~RIR 0–1.

Set 3 Final set — push closest to failure (~RIR 0). Reps may dip toward 12; that's normal.

Form cue

Lead with the elbow to shoulder height, slow 2–3 s lower.
Constant cable tension.

Common mistake

Shrugging the traps or swinging the torso.

Add weight (small)

15 clean reps all sets → tiny bump.

Tempo

~2 s down, controlled, brief pause, drive up.

SET-BY-SET

Set 1 Your heaviest working set — aim for the top: **15 reps** at RIR 0–1.

Set 2 Same weight, match reps if you can (12–15), ~RIR 0–1.

Set 3 Final set — push closest to failure (~RIR 0). Reps may dip toward 12; that's normal.

Form cue

Pin elbows to your sides, full extension, squeeze 1 s at the bottom.

Common mistake

Elbows drifting forward.

Add weight (+1 pin)

15 reps all sets → up one pin.

Tempo

~2 s down, controlled, brief
pause, drive up.

Set 3 Same weight, match reps if you can (**8–10**), ~RIR 1–2.

Set 4 Final set — push closest to failure (~RIR 1). Reps may dip toward **8**; that's normal.

Form cue

Set assistance for 8–10 hard reps. Dead hang, drive elbows down, chest to bar, control the descent.

Common mistake

Kipping or so much assistance you never near failure.

Add weight (–1 assist plate)

Progresses by getting LIGHTER — 10 reps all sets → REDUCE the assistance. Goal: full bodyweight reps.

Tempo

~2 s down, controlled, brief pause, drive up.
